GEO-FLO

GEO-FLO PRODUCTS CORPORATION
ONE (1) YEAR LIMITED WARRANTY FOR PRODUCTS
Commercial Class / Non-Residential Flow Centers and Other Products

Geo-Flo Products Corporation (Geo-Flo) warrants its commercial class and non-residential flow centers and insulated pumps (referred to as "flow centers" hereafter) purchased through Geo-Flo distributors and representatives in the United States and Canada, to be free from defects in material and workmanship under normal use and maintenance as follows: (1) Pumps for the pump manufacturer's warranty period, parts only; (2) Cabinet, brass three-way valves, and internal components for one (1) year, parts only; (3) Pump controllers and other electronics included as part of the flow center or assembly for one (1) year, parts only.

To make a claim under this warranty, parts must be returned to Geo-Flo in Bedford, Indiana, freight pre-paid, not later than ninety (90) days after the date of failure of the part. If Geo-Flo determines the part to be defective, and within Geo-Flo's Limited Warranty, Geo-Flo will return a new or reconditioned part to a factory-recognized distributor or service organization. Coverage includes components specifically stated in paragraph one of this document, and expires at the end of the original warranty period. All returns must be pre-approved by Geo-Flo. Due to the nature of foamed-in flow centers, a valve repair kit is the required repair method for 3-way valve leaks in foamed-in flow centers.
